Volume III - No. 1

## Well Used Used Cars

A touch of nostalgia for some - a pile of junk to others - a source of joy and future beauty to a few. These automobiles are a some of the unrestored models in Ken Vivian's collection.

Mr. Ken Vivian's barns and parking lot in Shannonville must house one of the largest collections of antique cars in Ontario. Mr. Vivian first started trading old cars in 1957 and at present he has 75 cars that are restorable and another 75 in the "graveyard" that he uses for parts.

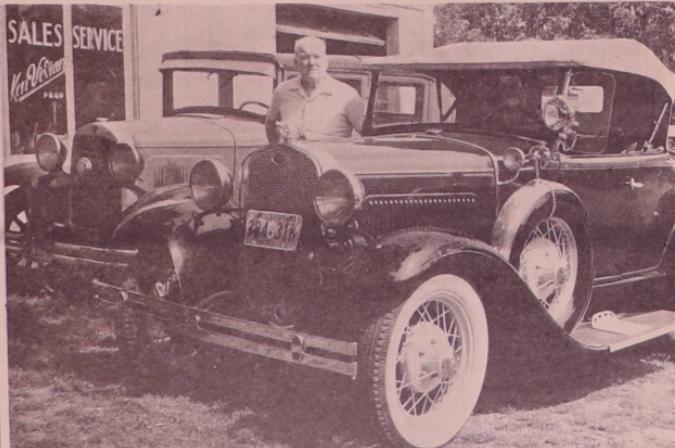

As he slides back the barn doors Mr. Vivian proudly displays row upon row of beautiful old machines receding into the dim interior. There are 25 cars parked in one barn alone, some bearing familiar names - Ford, Chevrolet, Studebaker - others carrying inscriptions that already belong to the past, names such as Hupmobile, Overland, Reo, Durant, Whippet, Erskine (made by Studebaker) and Willys-Knight, a product of Overland. Some of the machines are fully restored with shining chrome, gleaming paint and soft leather upholstery, others are shrouded in dust and clearly bear the marks of age. A few show dents in their body work, a legacy of the winter of 1970-71, when heavy ice and snow caused the roof of the barn to cave in, causing

damage to six cars.

The oldest car in Mr. Vivian's collection is a 1909 Ford, which still has the original acetylene headlamps, kerosene side lights and rubber air-controlled horn. Next to this

Ford stands a 2/3 scale replica of an even older model, a 1901 chain drive, single cylinder car - the horseless carriage. This particular type of machine was an experimental model and was never mass produced. Mr.

Continued on Page 2.

Ken stands beside his favourite - a 1931 Model A, FORD; deluxe convertible. In the background stands a restored WHIPPET while in his garage another restored Model A, convertible waits for a minor carburetor adjustment from its owner.

## Man Sentenced

A Deseronto man, 21 year old David L. Claus of 128 Brant St., Deseronto, was sentenced to 2 months imprisonment at the Provincial Court on Tuesday, September 5th.

The charges against Claus were: supplying liquor to a minor - sentence 5 months, assault - sentence 9 months, and theft - sentence 6 months.

## Mohawk Buses

The Bay of Quinte Mohawks of the Tyendinaga Reserve are operating their own school bus fleet this year.

Five buses will be in daily use transporting students to public schools on the reserve and to high school in Belleville. A sixth bus will be used as a backup spare.

Chief Earl Hill says that the bus fleet gives the Mohawks direct control over school transport and removes the need for contracting with private operators.

At present there are three one-room schools operating on the reserve in addition to the Quinte Mohawk school. The Mohawks expect to build a new school next year which will centralize enrolment.

A NEW NEWS EDITOR AT THE DESK

The Quinte Scanner begins its third year of publication by B.Q. Graphics Ltd. with this issue.

Also with this issue Mary Coleman takes over the Editors Desk from Patricia Taylor who so ably filled the position for the first two years.

Mary lives in Prince Edward County and as well as her duties as News Editor she is a mother to a 7 year old son and a 3 year old daughter; a part time biology lecturer at Loyalist College (B.Sc. & M.Sc.); an avid gardener and a damn fine cook.

She will carry on the tradition of an "Independent Weekly Voice for the Quinte Area" and we hope the area residents will give her the same co-operation as they gave Pat.

The Management of B.Q. Graphics

USED CARS

(continued from page 1)

Vivian and other enthusiasts hand-crafted this scale model a few years ago, he keeps it as a curiosity but occasionally drives it in parades. At the very back of the barn, almost hidden in the shadows stands an antiquated fire truck, once the pride and joy of the Omemee Fire Department.

Listening to Mr. Vivian talk it is impossible not to be impressed by his wide knowledge of all matters relating to old cars, he told the Scanner reporter, among other things, that Henry Ford first began manufacturing Model T's in Canada in an old wagon factory in Walkerville. During the first year of operation it took 117 men to produce 17 cars.

These cars are now more valuable than when they were new, Model T's once cost as little as \$395. Mr. Vivian's own car, a 1931 Model A deluxe convertible cost around \$1000 new and is now worth about \$5000. The value of antique cars depends on the age and model, open cars being of greater value than gassed in models. The very early cars were almost always open models because the men who drove them were used

to driving in the open air in a buggy or a democrat and did not like to be shut up in a glass box! "Personality cars" are even more valuable, these are vehicles which once belonged to some famous person, such as Al Capone or President Kennedy. Most of these now belong to museums.

Although Mr. Vivian does little in the way of restoring old cars now, he used to do quite a lot of this work, and was well qualified to do so. He holds one of the few certificates from the Michigan State Automobile School in existence in Ontario. In order to study at the school (which was the only institution offering a complete automotive course in 1918) he spent a year in Detroit and received a Diploma on September 15th, 1919 which qualified him for "any position as Chauffeur, Repairman, Tester, Salesman, or Demonstrator." Shortly after graduating he opened his business in Shannondale where he was the Ford Agent for 35 years.

Mr. Vivian shares his interest in antique cars with the other members of the Antique and Classic Car Club of Canada. The club is divided into different regions, and this year he is president of the Upper Canada

Region, which is centred in Kingston but covers the area from Cobourg to Gananoque. There are 85 members in this region and 1500 in Ontario. In addition to its regular activities the club also sponsors tours. Mr. and Mrs. Vivian recently attended an 8 day tour of the London area. Mrs. Vivian enjoys these meetings, as well as her husband, and describes them as "a family reunion" where "everybody knows everybody else". This last weekend they went to Perth, Mr. Vivian driving his own Model A at a speed of 40-45 mph with his wife in the passenger's seat, thoroughly enjoying the ride.

# Police Report

**SHOT FIRED ON THOMAS ST.**

A disturbance was reported to the police on Saturday night, when a shot was heard on Thomas Street, Deseronto.

Constable Brennan is conducting the investigation.

**PUBLIC NOTICE****Select Committee of the  
Legislature on the Ontario Municipal Board  
Invitation to Submit Written Briefs**

On June 30th, 1972, the Ontario Legislature appointed a Select Committee to examine, inquire into and report upon the Ontario Municipal Board and to make recommendations on: (a) the purpose, object and functions of the Ontario Municipal Board. (b) the jurisdiction of the Ontario Municipal Board. (c) the structure and organization of the Ontario Municipal Board. (d) the procedures and practices of the Ontario Municipal Board. (e) the procedures by way of appeal from the orders and rulings of the Ontario Municipal Board, including appeals by way of petitions to the Lieutenant Governor in Council. (f) the relationship of the Ontario Municipal Board in the discharge of its responsibilities with the Provincial Government, Local government and the individual citizen.

The Committee invites written briefs from individuals and organizations who may wish to present information, opinions or suggestions regarding any of the above matters relating to the Ontario Municipal Board.

Briefs must be submitted by September 15th, 1972 to the Clerk of the Committee Box 233, Main Parliament Building, Toronto 182, Ontario.

## The Highway

Dear friend -

Your holidays are over (if you got any) and I hope you all had a good summer and arrived home safe. After a few short trips away from the farm, and onto the highway, I wonder how my husband can stand driving in all that traffic.

I drove with him on a short run. I was amazed how brave some car drivers are. They think nothing of cutting in front of the truck (40 tons coming at them). They must have heard transport drivers are good drivers and can stop on a dime. But as fast

as the driver's reflex is, that load he's pulling is also pushing the cab downhill or when he's gearing down to stop - "The Law of Gravity."

A favourite game of some car drivers is to speed up when a transport gets along side of them. And as the trucks are governed to a set speed, its driver has to drop back in behind the car, who promptly slows down again. Some cars even come to a complete stop on the driving lane! The transport driver can see further ahead than the car driver. Some of you have probably been warned by a transport, lights all flashing, before "you" realized there was trouble ahead.

I often wondered why there is no mention of transports in the car drivers test. Simple little things that could make traffic flow safer and smoother. The transport driver doesn't like to lose sight of you in his mirrors, so don't follow too close. A flick of your high beams when going to pass, he'll give you the lights when to get in if he sees trouble for you ahead. He also appreciates when he passes you, the flick of your lights off and on at night (or on and off in day), to tell him he's past your car and he can swing in. But don't make the mistake I did the first time I gave a driver this signal. He snaked in so fast, I realized I had signalled too soon and I near lost a fender!

## Gold Cup

### PRINCE EDWARD GOLD CUP WINNER

The revival of the Gold Cup Races met with success on Sunday when 3,000 spectators turned out to watch the races.

Howie Benns of Tonawanda, N.Y., easily won his 9th race of the season, achieving speeds of 130 m.p.h.. His hydroplane, the "Sudden Seven" won both heats of the seven-litre Grand Prix race to carry off the Gold Cup and \$90 in prize money.

There were four other classes competing on Hayward Long Reach on Sunday. "Miss Supertest", driven by Art Asbury was a familiar winner of the 266-inch class, Brian Butson of Whitby gained an over-all win in the 280 class. And "Little M Canada" driven by Toby Barker of St. Catharines gained the victory in the 150-170 event.

The races were sponsored by the Prince Edward Racing Club and the Picton Chamber of Commerce.

### RECREATION COMMITTEE SPONSORS DANCING CLASSES

Deseronto Recreation Committee has been able to procure the services of Mrs. B. Archer who has operated the Iris Lohnes School of Dance in Belleville for the past 11 years. Mrs. Archer will come to Deseronto one afternoon a week and is fully qualified to teach tap, ballet and acrobatic dancing

in addition to baton. She will also start a ballet class for pre-school children, if there is sufficient enrollment.

Registration for all classes will be at the Town Hall between 10 a.m. and 12 noon on Saturday, September 9th. Further information is available from Marnie Dickinson at 396-3120

**"BLANCHING" VEGETABLES BEFORE FREEZING**

The food specialists at the Ontario Food Council, Ministry of Agriculture and Food, say it is critical to "blanch" most vegetables before home freezing.

The purpose of blanching is to set colour and destroy enzymes which cause vegetable spoilage or toughness during freezing. This treatment will help frozen vegetables to retain their garden-fresh qualities for 9 to 12 months.

The blanching process is a simple one. The fresh produce is lowered into boiling water, covered, held for a short period of time, then immersed in cold running water to chill. The blanching time is counted from the moment the water returns to the boil. A chart on the blanching time required for vegetables is contained in the

free booklet "Freezing Foods", available from the Information Division, Canada Department of Agriculture, Ottawa.

**Council**

Mayor Jim Sharpe declared himself dissatisfied with the service provided by the Ontario Humane Society to the town of Deseronto during the last few months.

Reeve George Lyons said that the society should be asked to prepare a report on their activities within the town.

Several complaints were presented to Council from the spectators at the meeting with regard to nuisances caused by domestic animals running loose.

The Council decided to meet with the Ontario Humane Society representatives on Sept. 17 to discuss a year end deficit and a re-assessment of service charges.

**MISSING MEALS MAY BE ONE CAUSE OF COLLISIONS ON THE HIGHWAY**

Abnormally low blood-sugar levels, induced by missed meals, may be a direct cause of accidents.

This is the view of Miss M.S. Christian, Head of the Accident and Emergency Department at Wexham Park Hospital, Slough, England. In accident studies she found that several truck drivers who crashed for no apparent reason had extremely low blood-sugar levels.

In three cases, the drivers were either confused, faint or ill but each recovered after a shot of intravenous glucose and a meal. None of them was diabetic and all were young and healthy. The common factor was that each driver had at least 12 hours' starvation.

This new danger was discovered by Miss Christian during a survey she is undertaking of the "unknown factors" in road accidents.

The survey, which will also look into the effects of such factors as tranquilizers and diabetes, includes a question to establish the relationship between the time of the accident and the last meal.

Symptoms associated with low blood-sugar are weakness, drowsiness, dizziness, mental confusion, double vision, aggression and other abnormal behaviour. Because symptoms can show at levels not much lower than those after the normal 12 hour overnight fast, anyone undertaking a long journey should not skip a meal.

Truck drivers who make early starts without breakfast are obviously at risk but so may be people on slimming diets. Just how widespread the problem is, is not known but clearly should be a matter of concern.

**TEN COMMANDMENTS FOR SAFE DRIVING**

- I. Thou shalt hold nothing but thy steering wheel.
- II. Thou shalt not make unto thee a god of the horse-power.
- III. Thou shalt not take the center lane in vain.
- IV. Remember the driver behind to let him pass.
- V. Honor thy father and mother and thine other passengers.
- VI. Thou shalt not kill any pedestrian.
- VII. Thou shalt not commit drunken driving.
- VIII. Thou shalt not steal thy neighbour's eyes with thy headlights,  
-- nor his ear with thy horn,  
-- nor his enjoyment with thy litter.
- IX. Thou shalt not bear false witness with thy signals.
- X. Thou shalt not covet thy neighbour's right-of-way.

- Catholic Quote

My son has trimmed his dangling locks,

Has cut them all, let fall,  
And all because of what he termed

"The cruellest words of all."  
I'm glad he's passed the long hair stage,

For though I'm no connoisseur,  
It did me good to hear him called

"A crazy woman driver!"

Quoted by Ontario Safety League

Trenching for Sewer and Water Lines, septic tank installations and Compression Work.

We will also be installing and changing over plumbing from septic tanks to sewers.

Predeceased by a daughter, Elizabeth. Brother of Mrs. Edith Vanalstine, Napanee, and Floyd Shatraw of Bancroft. Rested at White and Morris Funeral Home, Deseronto. Funeral service was September 4th at 2 p.m. Rev. Wilson of Selby officiated. Interment Deseronto Cemetery. Pallbearers were, Cecil Martin, Max Harrow, James Dobbins, Mac Mowbray, Max Tucker, Clarence McTaggart.

Mr. Shatraw was a member of Empey Hill United Church. He Belonged to the Royal Canadian Legion, Branch 280, Deseronto, and was a veteran of two wars. He was a member of the Orange Lodge and the Black Knight Lodge R.B.P. #944, Napanee. A Legion service and R.B.P. #944 service were held Sunday night.

# STEVENSON FORD SALES LTD. Belleville

## ANNOUNCES THE 2 YEAR GUARANTEE ON A-1 USED CARS.

At Stevenson Ford we couldn't afford to offer you a guarantee this strong if our A-1 used cars couldn't back us up.

## FIRST MONTH GUARANTEE

We'll give you a 50% discount off the regular retail price for any parts and labour on repairs needed to keep your A-1 used car in serviceable condition. This discount is good for the first 30 days or 1,000 miles, whichever comes first. The guarantee does not include repairs to tires and tubes, glass, radios, and, of course, any repairs occasioned by accident or abuse.

## TWO YEAR GUARANTEE

After the first month guarantee you get a 15% discount on parts and labour on repairs necessary to keep your A-1 vehicle in serviceable condition for 2 full years except of course those occasioned by accident or abuse.

A guarantee this strong tells you a lot about a car and the dealership that stands behind it. After all, if we can please you with a great A-1 used car --- maybe you'll come back for a new one.

Volume III - No. 2

## Conservation Officers Need Co-operation

Conservation Officer S. J. Myers stopped at the Scanner Office on his way to Belleville where he was to give a talk to students on Monday.

Deputy Chief Ranger Jack Stewart had a warm welcome for the Scanner reporter on Friday, and took time out from his busy schedule to explain fully the activities of the Ministry of Natural Resources (the old Department of Lands and Forests) in connection with the game laws which govern all hunting activities. Mr. Stewart stressed that any enquiries were always welcomed by the Napanee staff because it is only with the co-operation of the public that the conservation officers can do their jobs properly.

The Quinte area comes within the jurisdiction of the Napanee Division of the Tweed Administrative District. The Napanee staff include:- Chief Ranger = Everett Ferguson, Deputy Chief Ranger = Jack Stewart and five conservation officers. Staff for Lake Ontario Fish Management also operate out of the new Napanee office. The map shows the area covered by each conservation officer, most of their duties are carried out within their own territory, although they do occasionally operate in other territories, especially in answer to emergency calls. During busy seasons, especially during the fish spawning runs and the fall migratory bird

hunting season the conservation officers are supported in their work by the OPP and RCMP.

Most members of the public think only of enforcement of game laws in connection with conservation officers, but Mr. Stewart emphasized that is only part of their job. Their powers with regard to enforcement of the two Federal and one provincial game laws are very great. A conservation officer has the right to arrest any offender, search a suspected offender, his car, or his property, and to seize all hunting equipment, including boats and cars. He can do all this without a warrant, although in the case of searching property they usually do have a

warrant. Also they seldom make arrests, the customary procedure is to lay a charge and the offender then has to appear in court. Mr. Stewart said that the only law breakers who are arrested are the ones who are a danger to the public, such as a drunken man, illegally hunting. Since the territory that each officer has to check is so large, they have to do spot checks in an attempt to ensure that hunters are not violating the law.

At this time of the year the conservation officers are busy watching for pre-season hunting - shooting ducks before the season starts. They also check the baiting of ponds. Regulations state that all bait must be gone by September 16th otherwise the areas are posted "no hunting" within one quarter of a mile of the bait. The officers examine such areas again seven days later and if all the bait has gone they may open them for hunting, otherwise they remain closed all season. Most of the baiting is checked by aerial survey.

If one only considers the law enforcement activities of the conservation officers, it certainly appears that their sole aim is to prevent hunters from shooting ducks. However a look at their other duties explains why there are limits and, indeed, why there are game laws. When the officers are not working at being kill joys, they are busy ensuring that hunters will be able to enjoy themselves in future years. A major part of a conservation officer's work is taking inventories of game. Mr. Stewart and Chief Ranger Ferguson explained this very carefully.

Continued on Page 2.

## Plans for Deseronto Water Plant

Deseronto has 5 plans for a water filtration system to choose from. The installation of such a system is eligible for a 50% subsidy from the government, provided that it is not municipally owned. The original plan, developed by the Ontario Ministry of the Environment, covers the filtration plant only, the water would be pumped through the existing mains, which are badly in need of repair. It is, however, the least expensive plan for the town. The four alternatives outlined at the council meeting by Peter Anderson, a representative of Greer, Galloway and Associates engineering firm are all considerably more expensive for the town, since the plant would then be owned by the municipality and not eligible for the 50% subsidy. The Councillors are to discuss the proposals on September 12th, their conclusions will be made available at the Sept. 18th council meeting. Mayor James Sharpe said that the scheme did not have enough financial aid from the Provincial government. Until the matter is settled, Deseronto remains on a "boil-water" order.

## Good Duck Hunting Year

Mr. Jack Stewart, Deputy Chief Ranger of the Napanee Division of the Ministry of Natural Resources, reports that the duck hunting should be good in the Quinte area this year. The inventories taken by officials from Napanee show that there are larger numbers of ducks in the area. The separate flocks are not as big as they were last year, Mr. Stewart said, but this means that there should be good hunting for a longer period of time because the birds are not as highly concentrated.

**CONSERVATION OFFICERS**  
(continued from page 1)

Throughout the year careful studies are made to determine the size of the population of each species of game. A highly organized network throughout North America brings in excellent information on the numbers of migratory birds. This network stretches from the Arctic to Mexico. Nesting sites are checked to find out how many young birds hatch each year and banding operations keep track of the movements of all migratory birds. The information from their surveys is used to determine how many birds of each species a hunter may take each day, and how many he may have at any one time. Because their limits have been set during previous years the number of several species have increased so that the limits on them are now less stringent. This year, for example wood ducks have gone from a restricted bag limit to the normal bag limit. Red heads remain on a restricted limit but this has increased to three per day. Canvas backs are still fairly rare, but by restricting the daily limit to one bird, enough will survive to increase their numbers next year, so that in time, this limit might also be increased. It is very important that the public should understand this aspect of the conservation officers work. Mr. Stewart said because they "rely very heavily on the co-operation of the public." When every hunter realizes that the aims of the officers are to safeguard their sport, not spoil it, then the work of the Napanee staff will be much easier.

After their work with regard to duck hunting at this time of year, the officers will be busy again doing much the same sort of thing during deer season. In late winter and early spring their major headache is caused by dogs chasing deer. Then come

the fish spawning runs, the angling season, the fish creel census - and back to duck hunting next fall.

Another major project underway at the moment is the Camden Lake goose sanctuary. The Napanee staff, especially P.B. Hogan, are supervising a flock of greater Canada geese on Camden Lake. The aim of this project is to build up the number of birds in the flock and to open a controlled hunting area. Because of this there will be no goose hunting in Camden Township this year, but there will be duck hunting. A TV special of this project is being filmed at present and will be shown in this area in September. The importance of this project explains why Mr. Hogan has such a small territory to patrol in comparison with the other conservation officers.

Another project which is still in the planning stage is the management of the Point Petre conservation area in Prince Edward County. This will be primarily a recreation area, but the plans also include controlled hunting. Mr. Stewart also pointed out that because of the type of work they do, all the conservation officers work difficult hours. They have to be out at night, in the evenings and at weekends - the hours that hunters do not work, if they are to do their job properly. In addition they also run courses in hunter safety training (anyone applying for a hunting license for the first time must have passed this course), and give illustrated lectures on a variety of topics to schools and clubs.

As Mr. Stewart said goodbye he again stressed the importance of public co-operation with the conservation officers, to ensure good hunting for future years and future generations.

## Happenings Deseronto

Mr. and Mrs. Percy Moore and son Gordon of Fort Erie spent the week end with Mr. and Mrs. Blake Moore.

Mrs. L.E. Gordianer accompanied by her granddaughter Muriel spent a week in Toronto with her daughter Mrs. D. Aldred and family.

Mrs. L.E. Gordianer and grandson Phillip have returned from Mariburk, Que. where they spent the past week with Gerald Gordianer.

Mrs. Merton Cummings, Mill Street, has returned home after attending the funeral of her cousin Earl Guernsey at Camden, N.Y. While there she visited cousins in Vienna, Sylvan Beach, Fish Creek and Camden, Rosemans, Cooks, and Eckels.

## Guns Too Much Trouble

Mr. Bob Blaind of Bob's Sports and Repairs, 46 South Front Street in Belleville told the Scanner reporter that hunting supplies cause him too much trouble. Mr. Blaind's waterfront store has been broken into several times and each time guns and ammunition were taken. Entry was from all directions, "some came by boat" he said, "and one guy even swam in." Mr. Blaind intends to steer clear of stocking guns in the future.

## "WATER WATER EVERYWHERE"

Dear Friend -

The weather this summer we all know was a wet one. Which to us farmers made haying bad. But I had hoped if we had to have all that rain, at least maybe my well wouldn't go dry this year. I was lucky it lasted (with using a measuring cup to dole out drinking water and bathing in the bay) a month longer than usual. Could be we had less visitors, city dwellers, who flush the toilet as force of habit, while I hold my breath. But anyhow the mystery to me, is where "did" all that rain go? Certainly not in my well, it gave out in July. I even opened the well lid to catch water. We all put on our swim suits and ran about soaping up in the rain; a few cars slowed down at the sight and it was fun. But alas, here it is cooler weather, so no more of that. Now I know where the old sayings "make hay while the sun shines" and "you never miss the water till the well runs dry" came from -- Nita Whent

Councillor William Lane told Picton council that in his opinion "the department of municipal affairs appears to be run by people from the London School of Economics who have no understanding of the province at all." He also said that the provincial government has no intention of approving an official plan for Prince Edward County and are using delaying tactics. Reeve Albert Piroth, who serves on the county planning board, said that the draft plan would be presented to the ratepayers after a joint closed meeting of the Department of the Environment, the planning board and county council scheduled for Oct. 18th.

Napanee may have a new jail in the downtown area. At present the police station is located in the old county jail but there are indications that the public would prefer a more central location. Councillor Cecil Baker, Chairman of the Police Committee said that the Committee is considering acquiring property for a new police station and overnight lock-up.

The new TV tower at Green Point will soon be in operation according to Mr. Reeve, director of Bushnell Communications Ltd., Ottawa. The operation of this station will bring CTV channel 6 into the area.

The Federal Department of Public Works is to repair the clock on Deseronto Post Office. The state of the clock was brought to the attention of the Department by the Deseronto Ratepayers' Association.

The OPP were called into Pinecrest School in Bloomfield to investigate the theft of parts from a jet aircraft. The pupils of the school raised funds to buy the plane which stands in the school yard.

Napanee police force have complained to the police association about being understaffed; their complaints gave rise to a pending investigation of the situation by the Ontario Police Commission. Napanee is an unusual town in that its police force is ruled by a committee of council, not by an independent police commission like most communities. The complaints and the pending investigation have caused caustic comment from council members, especially Deputy Reeve Ernest Marshall and Mayor Lorne Smart.

Picton Racing Club and Prince Edward Chamber of Commerce, sponsor of last week's boat race, were delighted with the turn out of spectators and contestants. An estimated 2,500 cars brought racing fans to Hayward Long Reach. Although the general opinion was that there was room for minor improvements in the organization of the event, it looks as though the races will be held again next year.

A 9 year old Holstein cow owned by Mr. C. Baker of Napanee was the Lennox and Addington Black and White show at Napanee Fair. The same cow, "Bakerholm Shamrock Freda," was also named grand champion of the show and Mr. Baker carried off the trophy for grand champion cow which he himself had donated.

A new dance centre opened on Wednesday, Sept. 6th over Eaton's order office in Belleville to serve the Quinte area. Classes will be held Tuesday to Saturday starting at 4:30 p.m. Although ballet is to be the main subject many other types of dancing are to be taught.

Picton Councillor Corey Walraven thinks that the former Vigoada property on Union St. looks "a bit dilapidated". He offered to donate five gallons of paint to give the building a face lift.

Page 6

continued from Page 3

Deseronto council is to meet with Roy McDonald, general manager of Metcalfe Foods, to discuss a bill for \$214 which Mr. McDonald presented to council to cover the costs of repairing the part of Main St. near the entrance to the Metcalfe Food factory. The work was authorized in a telephone conversation by Councillor McVicker who said he assumed that the repairs involved a "couple" of hours work with a bulldozer. "Two hours work with a bulldozer is quite within my jurisdiction -- I did not authorize any gravel to be used in the operation", he said. The repairs actually required seven and a half hours bulldozer work and 30 tons of gravel. Reeve George Lyons made several pointed remarks about the conduct of Councillor McVicker in this matter.

The Picton police discontinued their monthly report to the town council because of public criticism over the checking of Main St. business properties. The questions were raised in council instead of being directed to the Police Commission. The monthly police report is a courtesy which the police are not obliged to fulfil. Councillor Corey Walraven said that he felt ratepayers were entitled to a police report "as long as they are paying the bills". Agreement to ask for a continuation of the report to council was unanimous.

This year's Mohawk Fair will be held Sept. 16th. Clifford Maracle, president of the Fair Board announced that the attractions this year will include the Lennox and Addington County Riders from Napanee and the Air Force Band from the base at Trenton.

The Countycrafts store in Picton, an opportunity for Youth project, was described as "very successful" by Graham Deline, co-ordinator for the area. Countycrafts provided an outlet for local handicrafts and a social centre for local craftsmen this summer.

The controversial Mary St. School site in Picton is in the news again. The new proposal is that the site be used for housing units for senior citizens.

Three boys were charged in Picton after a break-in at Ray Cutter's Auto Electric store on York St. A door panel was smashed in and \$8 stolen. Two of the boys were 12 years old, the other was aged 11 years. Constable George Wright conducted the investigation.

The first convict to walk away from the Millhaven Institution, Peter Zivkovic has been recaptured in Toronto. He escaped from the minimum security annex of the institution on July 8th.

The hospitals in both Picton and Napanee have been re-accredited by the Canadian Council on hospital accreditation. Only 35 per cent of Canadian hospitals have received the certificate of accreditation which shows that performances of the Prince Edward County Hospital and the Lennox and Addington County Hospital are of a high standard.

Cheeses from Wilton Dairy, Lennox and Addington County won the highest scores at Napanee Fair. Also competing were Harrowsmith's dairy, Frontenac County, The Black River Cheese Co., Prince Edward County and Foxboro Factory from Hastings.

Prince Edward Region Conservation Authority received a provincial grant of \$1,800. The grant is to be used for the lease and purchase of lands for the proposed dam in Demarestville. James Taylor, MLA for Prince Edward-Lennox said that the dam will provide water storage for fire fighting and will also serve as a recreation area.

Sophiasburg council is to meet with Hydro officials to discuss the Electric feeder line which is to run through Prince Edward County from Bath. The line is expected to cross Haywood Long Reach at Thompson Point. Sophiasburg residents are concerned about the appearance of the line, and hydro engineers are now considering an underwater crossing.

Picton council wants to terminate its meetings at 11 p.m. unless two thirds of the councillors vote for continuation of a meeting. Councillor Ross Cronwright proposed the motion.

## 'No Hunting' for Geese

The no hunting area that concerns hunters in the eastern part of Ontario is the closure of the area around Camden Lake, in the County of Lennox and Addington.

This "no hunting" zone for geese has been placed on the area to aid the Ministry to establish a resident flock of Greylater Canada Geese.

At the present time there are approximately 65 free flying geese and approximately 30 Canada and 1 Brant Goose in captivity. The captive flock produced 12 young of which 3 were lost to predation and 9 are now with the free flying flock.

It is expected that the young geese will return to Camden Lake to nest and raise their families in the area and eventually produce a substantial flock and provide shooting in the area.

The restriction on shooting geese in the area is hoped will be removed within a given period and allow hunters to take a trophy goose home in his game bag.

## Mohawk Fair Tremendous Success

The Mohawk Fair drew bigger crowds than ever this year. Gate receipts increased by 50%. Chief Earl Hill said the fair was the biggest ever and a tremendous success.

The day's activities were officially opened by one of the biggest parades ever presented. The Canadian Forces Band from Trenton led the parade and the Lennox & Addington County Riders also took part. The highlights of the parade were the Indians and the children of the reserve in full traditional dress.

Indian dancing displays by a Toronto Indian group as well as by Tyendinaga and Curve Lake Indians were a popular attraction during the afternoon. Laurie Clause trained public school age Tyendinaga dancers, who practised hard for the occasion.

Interest in Indian arts and crafts is increasing among the Mohawks and a booth featuring local handiwork was another attraction. Some of the beadwork and leatherwork items were available for purchase.

Also during the afternoon the Lennox and Addington County Riders gave displays of horsemanship and held all types of races, from barrel races to chariot competitions.

Mark Loft, 11 months, son of Mr. and Mrs. Blaine Loft won the trophy for the best baby on the reserve, in the baby show.

There were competitions for both men and women's step dancing. Mr. Gordon Brant of Deseronto was awarded the first prize in the men's competition. Although a spirited attempt was made by an 87 year old lady, Mrs. Edna

Byrd of Tyendinaga carried off the honours in the women's section.

Many other contests were held including a nail driving competition - won by Wilfred Austin in the men's section, and Mrs. Marian Benn in the women's. Both winners were from the reserve.

Russell Green, another local man, won the old time fiddling competition.

The usual baking exhibits were there, and the livestock shows, featuring everything from banty roosters to bulls were also a great success.

A chicken barbecue, sponsored by the Lions Club, and the Mohawk Fair board, and a dance in the new Council House on the Tyendinaga Reserve marked the end of another memorable Mohawk Fair Day.

## Cable TV

Deseronto should soon have cable TV if the development of Napanee-Deseronto Cablevision Ltd. goes according to plan. A license for cable TV has been issued to three Napanee businessmen.

The scheme incorporates a studio for local programmes such as newscasts and sports casts but this will be part of the second phase of the project. The services will begin in Napanee, it is hoped that parts of the town will be serviced before the end of the year. Cable TV will later extend between Napanee and Deseronto and into parts of North Fredericksburg and Richmond Townships.

Five stations are covered by the license, only one of which - Channel 6, Deseronto (CTV) is Canadian.

**Quinte****News****Round****Up**

Six cattle thefts in the Camden East area near Napanee are keeping local police busy. The cattle were all stolen when they were grazing far away from houses. They were loaded on trucks and driven away. The animals were valued between \$50 and \$100.

\*\*\*

Milford's annual one-day fair drew good crowds this year in spite of rain. The fair was opened by County Warden Ross Benway. George Hees, MP and James Taylor, MPP assisted with the judging of the baby contest. The fair opened with the usual parade - complete with floats, children and horse-back riders.

\*\*\*

Lennox and Addington County will be operating a new welfare system in the new year. The county wide operation will replace individual, municipally-organized programmes.

\*\*\*

Police are investigating attempted break-ins which occurred at both Grindrod Motors and Bill's Dairy store this weekend. The attempts took place within half an hour of each other.

Mrs. Mary Dunkley of Picton was 101 years old on Thursday, September 14th. Mrs. Dunkley was a well known teacher, and the first woman member of Picton town council. An enormous cake, covered with candles was served at her birthday party at Picton Manor Nursing Home.

\*\*\*

Provincial police Constable Bill Stanley of the Napanee Detachment was injured in a motorcycle accident on Highway #2 on Sunday night. The machine went out of control and rolled into a ditch. Constable Stanley is in the Lennox and Addington Hospital undergoing treatment for a fractured pelvis, fractured shoulder and abrasions.

\*\*\*

Two persons assaulted OPP Constable John McGrath of Napanee early on Sunday morning when he was conducting a routine check on their vehicle. The police officer received cuts, bruises and head injuries.

Canadian  
Radio-Television  
Commission

Conseil de la  
Radio-Télévision  
Canadienne

**PUBLIC ANNOUNCEMENT**

The Canadian Radio-Television Commission announces the following decision effective September 11, 1972.

Decision CRTC 72-283

NAPANEE AND DESERONTO, ONT. - 7200710

Application by Reginald C. Dawson representing a company to be incorporated, for a broadcasting licence to carry on a cable television system to serve the Napanee and Deseronto area.

**DECISION: Approved**

The Commission issued a licence expiring on September 30, 1976 subject to conditions to be specified therein.

The Commission expects the licensee will service without delay this area.

Monique Coupal,  
Secretary.

Fishing in the Bay has been particularly good this year, more fine catches were reported by American tourists from both Green Point and Big Island.

\*\*\*

Miss Gwen Lloyd, believed to be the first person baptized in St. Mark's Church, Deseronto left a large bequest to the church when she died on Feb. 13th, aged 85 years. A memorial plaque to Miss Lloyd has been ordered and will be placed in the church.

# Happenings Deseronto

Mrs. Kay Hood -  
396-2119

The dance held in the Lions Hall, Deseronto on Friday night was a great success.

\*\*\*

Constable Clarke's bicycle safety course should start at Deseronto school next week, or the week after. It is hoped that prizes will be awarded for successful pupils and that parents will also become actively involved in the activities.

\*\*\*

Labour Day weekend guests at Don MacMillan's, for the MacMillan family picnic were their daughter and son-in-law, Mr. and Mrs. Paul Sevcik, St. Hubert, Quebec, and Mr. and Mrs. Bill Otter and daughter Carol Otter and grandson Rickey Hall, all of Whiteboro, N.Y.

\*\*\*

Mr. and Mrs. Don MacMillan spent a week with their daughter, Mrs. Paul Sevcik at St. Hubert, Quebec while her husband is at Camp Borden.

\*\*\*

Peter Barbier of Kingston, was an overnight guest of his aunt, Mrs. Kay Hood, before leaving on Monday for Deer Lake around 200 miles north of Sioux Look, - out in Northern Ontario, where he will be teaching Cree and Ojibway Indian children. This is his first school, after graduating from Queen's University with B.A. and Duncan MacArthur Hall with B.Ed. Peter attended Deseronto Public School for a few years and graduated from grade 8 before moving back to Kingston.

\*\*\*

Sunday School started at the Presbyterian Church of the

Redeemer on Sunday, with good attendance, but teachers are needed with two or three still having to work on Sundays.

\*\*\*

The Red Cross meeting which was to be held Wednesday, Sept. 13th was postponed until next month.

\*\*\*

Sorry to hear Mrs. Doris Reid, Mr. Albert Walker and Miss Ruth Lloyd (formerly of Deseronto) are still in hospital.

\*\*\*

Mrs. Charles Griffiths attended a birthday party for her neice and nephew in Hay Bay on Sunday evening.

## W.M.S.

The Presbyterian Ladies' Aid and W.M.S. was held on Thursday evening, September 14th at the home of Mrs. Eric Quirk. At 6:30, before the meeting began, a delicious dessert and tea was served by the hostess. Everyone then joined in the singing of favourite hymns, accompanied at the piano by Mrs. Dorothy McCullough. Mrs. Blake Moore sang a lovely solo, "The Love of God." The president, Mrs. Kay Hood read the devotions, with Mrs. Quirk leading in prayer. Mrs. Jean Griffiths gave a Missionary reading from the Presbyterian Record, on one of our missionaries in India. Roll call given and minutes read. Treasurer's report showed a substantial balance, with the help of a successful Fall Fair. After a discussion the ladies decided to drop the Fall Rummage sale and have a Bake Sale at a later date, also Bazaar November 11th. The October meeting will be at Mrs. Don MacMillan's. Mrs. Moore gave a prayer for the sick, followed by the Mizpah Benediction. Mrs. Quirk again served a tasty lunch and Mrs. Hood thanked her for serving such lovely "treats" and for so kindly opening her home for the meeting.

## UCW

The Deseronto United Church Women started their fall season with a joint meeting of the two groups in Stover Hall on Thursday evening, with Co-Presidents, Mrs. Catherine Piercy and Mrs. Lorna Hendry in charge of the meeting.

Following the Devotional period, a number of hymns from the new Hymnary were introduced and sung by the members. Reports were given by the Treasurer, Secretary and flower

convenor. Plans were made for the following projects, Rummage Sale, Oct. 21.; Bake Sale Oct. 6; Bus trip Nov. 22; Bazaar Dec. 2.

The U.C.W. Fall Rally was announced to be held in Cannifton on Oct. 16, also the United Church Anniversary Service on Oct. 22nd.

At the close of the meeting a social hour was enjoyed.

## CARDS OF THANKS

I would like to thank my relatives and friends for the lovely flowers, gifts, cards and visits I received while I was a patient in Belleville General Hospital. Special thanks to Dr. D.C. McVicker and nurses on the 6th floor.  
William Miller

## TREASURER'S SALE OF LAND FOR TAXES

TOWN OF DESERONTO  
 County of  
 Hastings

## TO WIT:

BY VIRTUE OF A WARRANT issued by the Mayor, under his hand and the seal of the Corporation of the Town of Deseronto, bearing the date of the 26th day of June, 1972. The sale of lands in arrears of taxes in the Town of Deseronto, will be held at the Council Chamber, Town Hall, Deseronto, Ontario, at the hour of 2:00 o'clock in the afternoon on the 22nd day of November, 1972, unless the taxes and costs are sooner paid.

NOTICE IS HEREBY GIVEN that the list of lands for sale for arrears of taxes was published in the Ontario Gazette on the 5th day of August 1972 and that copies of the said list may be had at my office.

TAKE FURTHER NOTICE that in the case of the necessity to hold an adjourned sale, the adjourned sale will be held in the Council Chamber, Town Hall, Deseronto, Ontario, at the hour of 2:00 o'clock in the afternoon on the 29th day of November, 1972.

Dated this 11th day of August, 1972.

WAGAR - MYERS

St. Patrick's Church, Napanee was the scene of a pretty summer wedding on August 26, 1972, when Rev. J.J. O'Neill united Sandra Jane Wagar, daughter of Mr. and Mrs. Randall Wagar, and William Daniel Myers, son of Mr. and Mrs. William Myers, in marriage.

Given in marriage by her father the bride was radiant, in a floor length gown of white chiffon trimmed with lace and pearls. Her veil was floor length with train. She carried a bouquet of mauve orchids and stephanotis.

She was attended by her sister, Mrs. Malcolm Rigby of Toronto, as her matron of honour, and four bridesmaids. Mrs. Harold Brough, of Kingston, Miss Judy Myers, Napanee, sister of the groom, Miss Sherry Markle, Deseronto, cousin of the bride, and Mrs. Gary Jackson, Napanee, friend of the bride.

Janet Brough was the flower girl, and Marc Rigby was the ring bearer. The matron of honour, bridesmaids and flower girl were all dressed alike in mauve flowered Victorian print floor length dresses with matching mauve picture hats and all carried bouquets of mauve variegated baby mums and babies breath. The groom was attended by Harold Brough, Kingston, brother-in-law of the groom, and the ushers were Bob Myers, Toronto, brother of the groom, Malcolm Rigby, Toronto, brother-in-law of the bride, Bob Winters and Wayne Leach friends of the groom.

The guests were received by the bride's mother, in a floor length gown of pink polyester with white accessories and corsage of white gardenias. The groom's mother wore a floor length gown of white and purple silk crepe with white accessories and corsage of pink roses.

Mr. David Grant, Cornwall cousin of the bride, sang the wedding prayer during the signing of the register, accompanied by Mrs. McNeil of Napanee. Following the reception and dance at the Towne Cinema Hall, the bride and groom left on their honeymoon trip to Niagara Falls and points west. The bride changed to a white dress trimmed in red with red accessories and wore a corsage of red roses.

Mr. and Mrs. Daniel Myers will be residing in Peterborough, Ontario.

**OBITUARY**

BRANT - Ross Oliver, 450 Oliver St., North Tonawanda, N.Y., and Shannonville, Ontario, passed away Friday, September 8, 1972 at De-Graft Hospital, North Tonawanda, N.Y., in his 49th year. Dear son of Michael Brant Sr. and the late Margaret Maracle. Beloved husband of Iva Lewis. Dear father of Michael and Douglas, Rochester, N.Y., Bernard, Shannonville, David, Billie, Dannie, and Ronald at home; Barbara (Mrs. Elwood Maracle) Toronto, Vernon (Mrs. Buddie Hill) Shannonville, Rita Brant, Shannonville, Kathie at home. Dear brother of Mrs. Jean Thompson, North

Tonawanda, Violet (Mrs. Andrew Clench) Shannonville, Lawrence, Tom, Shannonville, Bruce, Stewart, Bub, all of North Tonawanda, Freda (Mrs. John Baptiste) Shannonville, Shirley (Mrs. Russell Corey) Napanee, Michael Brant Jr. R.R. 1, Deseronto.

Resting at White and Morris Funeral Home. Funeral service was Sept. 11, 1972 at 2 p.m. Interment All Saints Cemetery, Rev. Cyril Betts officiating. Pall-bearers were all brothers, Bruce, Stewart, Bub, North Tonawanda, Lawrence, Tom of Shannonville and Michael Jr. of Deseronto.

CUNNINGHAM FAVOURS UNDERWATER HYDRO LINES

The proposed hydro feeder lines across Hayward Long Reach have drawn comment from George Cunningham, Liberal Candidate for Prince Edward-Hastings. Mr. Cunningham is in favour of an underwater ca-

ble rather than an aerial crossing which he believes will cause visual pollution.

He is all in favour of clean industries being brought into the county, but feels that they should have adequate pollution control devices and be financially assisted in this by local government.

# Additions to the Loyalist Extension Calendar

You have probably already received your copy of the new Loyalist Extension Calendar. Below you will find additional courses which are being offered at the Main Campus, near Belleville. Extra copies of our Calendar are available on request.

#### INTRODUCTION TO ART (917D)

This course investigates basic drawing and painting of various media with emphasis on oils. Includes lectures, slides, possible field trips and demonstrations on basic drawing, composition, color mixing, choice of materials, building stretchers and stretching canvas. Workshops of individual instruction and criticism would be set up to last ten hours of the course.

Length of course is 30 hours. \$15.00 tuition fee plus supplies and field trip expenses. Course held on Tuesday evenings, 6:30 - 8:30 commencing October 3, in room #21 of "A" Building. Class limited to 15 students.

#### IMMEDIATE ART (917J)

This course emphasizes contemporary media and materials by demonstrations, lectures, field trips and slides to complement the course. Students will receive individual instruction and criticism with group discussions at regular intervals. This course is not recommended for beginners.

Length of course is 30 hours. \$15.00 tuition fee plus supplies and field trip expenses. The course leader will be Walter Sowron. Courses will be held Tuesday evenings, 6:30 - 8:30 p.m. commencing October 3, in room #19 of "A" Building. Class limited to 15 students.

#### INTRODUCTION TO WATER COLORS (917B)

A course for beginners. Covers the basic fundamentals including dry brush method, wet on wet method, wet on dry method, paper stretching, etc.

Course length is 30 hours. \$15.00 fee plus supplies. Course leader is Mrs. Donnah Cameron. Tuesday evenings 6:30 - 8:30 p.m., commencing October 3. Class size limited to 15 students.

#### INTERMEDIATE WATER COLORS (917H)

This course will be of interest to those students who covered the basic fundamentals when introduced to water colors.

Length of course is 30 hours. \$15.00 fee plus supplies. Course leader is Mrs. Donnah Cameron. Tuesday evenings 8:30 - 10:30, commencing October 3. Class limited to 15 students.

#### SILK SCREEN PRINTING (921B, 921C, 921D)

Afternoon and evening courses are being offered. In addition to screen preparation, the course covers color and design, plus the printing of the finished work.

Length of course is 30 hours for Interest course and 60 hours for credit course. The fee for the Interest course is \$15.00 plus supplies and \$30.00 plus supplies for the credit course. The course leader for both courses is Mr. Walter Sowron. The Interest course will be held Thursday evenings from 6:30 to 8:30 commencing October 5th. The credit course will be held Tuesday and Thursday from 2:00 to 4:00 p.m., commencing September 12th. Both classes are limited to 15 students.

#### DEVELOPMENT READING (017K)

An interest course designed to help participants increase reading speed and improve comprehension. Specialized controlled reading machines and modern reading techniques will be utilized.

Course length is 30 hours. The fee is \$15.00. Course leader is Mr. Ahmad. Classes will be held on Monday and Wednesday evenings from 6:30 - 8:30 commencing October 11th in the Reading Lab.

#### THE EXECUTIVE SECRETARIAL PROGRAM

This three-year program is provided by Loyalist College in co-operation with the National Secretaries Association (International), Bay of Quinte Chapter. The objective of this Association is to elevate the standards of the secretarial profession through a continuing program and educational and professional development - this is the sponsorship of the program.

This column is designed for the person who is already working in the secretarial field. It should be understood that prospective applicants must possess a high degree of competence in the basic secretarial skills. Therefore, courses have been selected to enhance the top-level secretary's functions as an effective contributor to management.

Students who successfully complete 12 courses will receive a Loyalist College Certificate. Courses have been specifically chosen to assist graduates to write the Certified Professional Secretarial examination.

The following courses will be offered this Fall:

- Financial Accounting (411E) Thursday from 8:30 to 10:30
- Business Organization (491E) Thursday from 6:30 to 8:30
- Introduction to Data Processing (441E) Tuesday from 8:30 to 10:30
- Economics of the Firm (092A) Monday from 8:30 to 10:30
- Report Writing (011D) Tuesday from 8:30 to 10:30
- Personnel Administration (503A) Thursday from 6:30 to 8:30
- Introduction to Psychology (061B) Wednesday from 6:30 to 8:30
- Sociology (071A) Tuesday from 8:30 to 10:30

All courses run for 30 hours, over a 15 week period. Fee: \$15.00 Classes commence week of October 2nd.

#### EVERYDAY LAW FOR WOMEN (487A)

A non-credit Interest course, conducted by a woman lawyer. The major legal issues affecting women in today's complex society will be discussed including real estate, family, divorce, wills and estates, tenants rights, contracts and legal aid.

Course length is 30 hours. Fee: \$15.00 The course leader is Mrs. Sidney Murray. Tuesday evenings from 6:30 to 8:30 commencing October 3rd.

#### EVERYDAY LAW FOR MEN AND

#### EVERYDAY LAW FOR SENIOR TEENAGERS

These non-credit interest courses will be geared to the particular interest of the participants.

Course length is 30 hours. Fee: \$15.00 Courses will be scheduled when number of students is obtained. Students should register according to the details given above. Should the course not materialize, fees will be refunded.

**REGISTRATION: SEPTEMBER 25 26 27, 7 - 10 P.M.**

## Liberal Candidate Chosen

Mr. Peter MacKinnon, 42, R.R. 2, Bath will be the Liberal Candidate for Frontenac - Lennox - Addington riding in the forthcoming federal election.

As a farmer Mr. MacKinnon is concerned about the continuing trend of young people leaving the farms. He maintained that there should be greater security at Canada's penal institutions to prevent further escapes.

On the national level Mr. MacKinnon feels that the major issues will be unemployment, environmental control and the furtherance of Canadian unity.

James Madden, a Napanee lawyer, nominated Mr. MacKinnon.

Barry Young, president of the Liberal Association in the riding is hoping that those who voted against the Conservatives in the last federal election will all get "together in one camp".

Since the last federal election, the Liberal Association has increased its membership to 700.

Mark Loft, winner of the best baby award at the Mohawk Fair

## No Quarrying

Lake Ontario Cement Ltd. has not yet received a license to quarry sand from the Sand-banks. Since the Pits and Quarries Act is now in effect in Hallowell the company can no longer remove sand from the site and is using stockpiled sand at present.

The Cement Plant is geared for the use of that particular

type of sand and cannot operate on an alternative source until the equipment has been modified. No estimate is available of how long the stockpile will last. James Taylor, MLA for Prince Edward-Lennox feels that there is no danger to employment at the cement works because the company must have a stockpile based on the amount of sand used to cover some period of time until an agreement can be reached between the Department of Natural Resources and LOCL.

The implementation of the Act has also stopped quarrying by Picton Power Concrete and Motorland Construction at other sites. Quarrying without a license carries a maximum fine of \$5,000 per day.

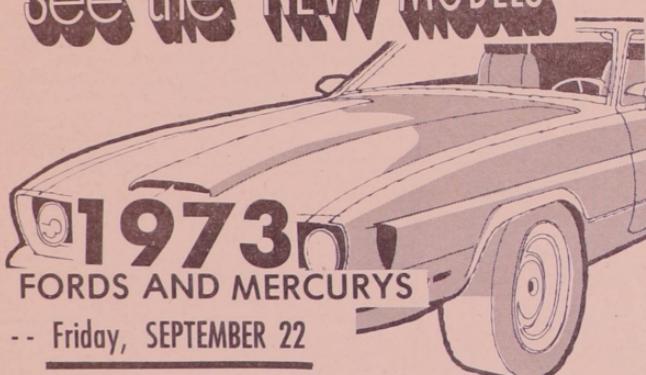

## Pesticide Controls

Ontario is preparing new regulations and licensing procedures to tighten the control of pesticides. Mr. Everett Biggs, Deputy Minister of the Environment for Ontario said that the home user will still have effective materials available to him; these new licensing rules will prevent the abuse of pesticides by inexperienced people.

Under the new regulations, retail outlets for the more dangerous pesticides will be licensed according to the category of pesticides they are permitted to sell and to whom.

Ontario is leading the field in this matter. This is the first time a provincial government has taken positive action to regulate the use of such chemicals, and to prevent inexperienced people from attempting to use the more dangerous chemical pesticides.

Second Class Mail - Registration No. 1738 Deseronto, Ontario

Wednesday, September 27, 1972

Volume III - No. 4.

Mr. F.N. Shier of Marysville is surrounded by the concrete ornaments that he now makes in large numbers. He first began moulding concrete as a hobby in 1967, but has found that the demand for his work has increased in the past 5 years. This summer he employed part time students to help him

mould and paint the ornaments.

Most of the molds he uses are made of fibreglass or cast aluminum. Rubber molds are available but Mr. Shier prefers the non-flexible types.

In the background of the photograph are some antiques which he has refinished for sale.

## Pollution Probe Sandbanks Report

The Sandbanks controversy continues to rage. According to the Environmental Law Association, the failure of Lake Ontario Cement Ltd. and the Ontario government to file their statements of defence in the Supreme Court of Ontario lawsuit, before the Sept. 13 deadline, is tantamount to an admission that they are responsible for harming the natural environment at the Sandbanks Provincial Park.

Mr. Green of Pollution Probe, said that the next step in the lawsuit may be a court hearing to have the Supreme Court of Canada declare that the province has committed a breach of public trust, and that LOCL has failed to fulfil its duty to maintain the Sandbanks park. He also said that there may be an injunction to prevent the removal of more sand and an order requiring LOCL to restore the leased areas to their natural condition as far as this is possible.

\*\*\*\*\*

## HASTINGS NDP CANDIDATE

Elridge C. Brethour, a resident of the Bancroft area, has been named NDP candidate for Hastings. Mr. Brethour, 40, is married, has two children, and is the owner of the River Rock Discount Fuels of Bancroft. An active member of the community he is past President of the Madawaska Valley Tourist Association, treasurer of the Eastern Ontario Tourist Co-ordinating Council, a member of the Royal Canadian Legion and also of the Bancroft Masonic Lodge No. 482.

## LOCAL CARS ON EXHIBIT

Thousands of visitors flocked to the Inn on the Park, Toronto, recently to see cars of all makes and models, from both Canada and the U.S.A. at the Annual Car Concours sponsored by the Antique and Classic Car Club of Canada.

Three hundred cars participated in the exhibition and the competitions. Each region of the car club exhibits a car, the representative for the Upper Canada Region was Mr. Vince Gentile of Picton and his 1923 Studebaker. Mr. Gentile transported his antique car to Toronto on a trailer, instead of driving it, because it was "all shined up" to go on exhibition. This car won the Antique Class at the 1970 Car Concours, and last year it carried off the President's Trophy. This is the highest possible award as Mr. Gentile says "you can't go any further", so this year the car was simply a display and not competing. However another local car, a 1939 Oldsmobile, owned by Mr. Stan Hicks, also of Picton, did compete.

The next activity on the schedule of the car club is the "Pumpkin Centre Tour", a two day tour of Northern Ontario, in which about thirty cars will participate.

## QUINTE FALL FASHION

The fashions are changing again. The big news this year are the high waistband baggy pants with wide cuffs. Palazzo pants are also coming in, they have even wider legs and look almost like a divided skirt, according to Sue Frazer of the Lemon Tree, Picton.

Sweaters are still popular, batwinged dddman sleeves have reappeared on the fashion scene, and fuzzy sweaters in baby shades are also popular. The shirt look is in, from shirts and ties, worn with a blazer to Jackshirts, styled after men's

continued on page 3

It gives the Pastor and the congregation of the Deseronto Pentecostal Church a great deal of pleasure to introduce Bob Masters to the residents of Deseronto.

Bob Masters will be taking up the duties of assistant pastor to the Deseronto Pentecostal Church as of October 1st.

He comes to us well qualified. He has assisted in churches in Brighton, Ontario, Sydney, N.S. and comes to us from Kingston where he assisted the Rev. George Ewald of Gospel Echoes.

Bob Masters' area of ministry will be primarily Sunday School administration and youth ministry.

There will be a welcome service for the new assistant on Sunday, October 1st. Everyone welcome.

## Gone to the Dogs ?

It looks as though Deseronto Town Council may discontinue the use of Ontario Humane Society's animal control service and resort to a local dog catcher. Councillors are to discuss the matter further, but Councillor Edgar Gordon told the meeting that there is a local man with facilities that meet the requirements of the Ontario Humane Society for impounding animals, who has expressed an interest in taking up the job of town dog catcher.

The Humane Society raised its rates by 15 cents in 1972 and has requested a further increase of 10 cents per capita for 1973. According to Mayor James Sharpe, the dogs in the town of Deseronto "continue to run in packs."

**Quinte****News****Round****Up**

A Picton boy received a suspended sentence on a charge of possessing marijuana. Judge J.L. Clendenning refused a request for an unconditional discharge for a first offence because if such a request were granted no record would remain of the charge and subsequent offences should be dealt with more severely.

\*\*\*

A plan for converting the former county jail in Napanee into a museum was presented at a county council meeting in Napanee on Wednesday. The building is occupied by the Napanee Police Department at present. The cost of the renovations were estimated at \$125,000 by Kingston architect Wilfred Sorenson.

\*\*\*

All able bodied welfare cases in Prince Edward County are picking or sorting tomatoes this month, and welfare costs are down \$11,000. Mrs. Nevada Lagroix told county council that all those who are not employed have medical certificates.

\*\*\*

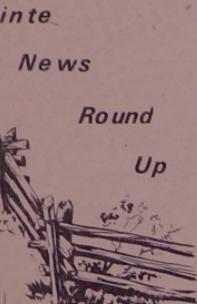

Two Newburgh men were killed at 7:55 a.m. Monday morning when their half ton truck skidded through a flashing signal barrier and collided with a westbound two coach train travelling at 70 mph. The accident occurred on County Road 7, just north of Bath, in dense fog.

Mr. Lee Grills, Conservative M.P. for Hastings for 13 years, has resigned and will not seek re-election in the coming federal election. One reason for his resignation, says Mr. Grills, is his wife's ill health. She is at present under intensive care for a heart condition at Belleville General Hospital.

\*\*\*

A survey of Napanee's fire protection needs is to be undertaken by the Ontario Fire Marshal's office beginning on October 10th. The OFM will examine department organization, stations, prevention activities, equipment, water supplies, etc., and will then make recommendations as to how the service can be improved.

\*\*\*

Judge P.E. Baker said that it must be made clear to inmates of Collins Bay Penitentiary that the Frontenac Mall is not part of the institutions property. Two men who had frequently left the prison guards to purchase wine in the Mall received additional sentences.

\*\*\*

A former Deseronto man, David Powless, is to take up the job of administrator for the new Lennox and Addington welfare system on Nov. 1st. Mr. Powless was selected for the post over four other applicants.

\*\*\*

Prince Edward County is fighting the Ministry of Transport and Communications for better road signs from Highway 401. Recent developments indicate that signs may be possible at the Wooler Road intersection, but no progress has been made with regard to signs at Belleville.

Two masked men robbed The Black Hawk Motel, Belleville of over \$1,000 early Monday morning. The first man, who was armed, ordered the night clerk to lie on the floor, a second man forced the office door and removed the money.

\*\*\*

During the past 10 days six more inmates escaped from or failed to return to, prisons in this area. Three men are missing from Joyceville, two from Collins Bay and one from Millhaven.

## Notice Respecting Assessment Appeals

Municipality: **Town of Deseronto**

The assessment roll may be inspected during business hours, at the municipal offices located at 331 Main Street.

Any complaint with respect to any assessment on the assessment roll may be brought to the Assessment Review Court pursuant to section 52 of the Assessment Act, R.S.O. 1970, c. 32 as amended by section 10 of the Assessment Amendment Act, 1971.

Notices of Complaint must be made in writing either by letter or on forms available at the Municipal Offices.

For purposes of identification, please include your name and postal address, and the reason(s) for complaint. If possible, note also the assessment roll number, the street address, concession and lot numbers, and the municipality in which the property under complaint is situated.

Any Notice of Complaint shall be mailed by ordinary mail to the Regional Registrar named below, and, in addition, by registered mail to any person whose assessment is complained of, not later than the 31st day of October, 1972.

A.H. Johnson,  
Regional Registrar,  
Assessment Review Court,  
405 George St. S.,  
Peterborough, Ontario.

Signed:

**FALL FASHIONS**

continued from page 1

working shirts. Body shirts are as popular as ever. Both Mr. Barker of Picton and Sue Frazer agreed that navy and brown are big colours this year, with Oxford grey also popular. However the biggest seller in any fabric design is the plaid. Plaids are being used for the short flared skirts, the baggy pants and also for coats.

The midi length appears to be most prominent on the coat scene, and in addition to plaids, the styles are based on a wide use of fake furs and suedes, crushed velvets, tapestries and, of course, the perennial tweed.

Pant suits are as popular as ever, with plain tops coming in, and for the evening, the long skirt retains its popularity.

Fashions for the young set are following the same trends. Marlene King, of King's Kidder-town, Picton, said that flared skirts and baggy pants were featured in children's fashions this fall. The jeans look in stretchy pants is still a favourite. Buttons have reappeared as fastenings for T-shirts, though zips are still popular.

Colours for children this fall are brown and orange.

Baggy pants have also hit the men's market in addition to last year's, still popular, flares. The really big news on the male scene are the knits for suits, pants and shirts. Wide, wide ties also make the scene in bright colours and patterns.

All in all it seems that the Bay of Quinte area may be a "backwater" in some ways, but local buyers made it clear to the Scanner, that as far as fashion is concerned, Quinte folks are well up to date in their ideas.

**50th  
Anniversary**

Mr. & Mrs. Robert A. Tucker, R.R. 1, Marysville recently celebrated their 50th wedding anniversary with an "at home" in the auditorium of Deseronto Public School.

The couple were married September 5, 1922 at the home of the bride's parents, Mr. & Mrs. Redford Kimmerly. Their parents were Mr. Earl Kimmery of Syracuse, N.Y., brother of the bride and the late Mrs. Helen Waddingham, sister of the groom. Mrs. Roy Stafford presided at the piano. The Late Rev. H.P. Anderson officiated at the ceremony.

The hall was decorated with gold flowers, white streamers and bells appropriate for the occasion. The tea table was centred with a three tier anniversary cake.

Those receiving at the door, presiding at the gift table and guest book were the immediate members of the family. Five granddaughters helped wait on the tea tables and serve the lunch which had been prepared by the family life committee of St. Mark's A.C.W.

Fifty relatives gathered at the New York banquet hall, Napanee for dinner to honour the couple. Rev. Frank Bell asked the blessing. Mr. Earl Kimmery acted as master of ceremonies and proposed a toast to the bride and groom. James Tucker, third eldest son proposed a toast on behalf of the family and their daughters, Mrs. Cecil Matier (Jeanne) and Mrs. Ted DeGray (Ruth). Presented them with gifts and a bouquet of red roses.

Many gifts, cards and

# Obituary

**BRANT, Mrs. Catherine (Nancy),** of R.R. 1, Deseronto, passed away at the Kingston General Hospital, Monday, September 18th. Beloved daughter of the late John Johnson and Nancy Johnson. Dear wife of the late Wilfred Brant. Dear mother of John, Deseronto, Wilfred Jr., Deseronto, Freeman, Hamilton, Arnold, St. Catherines, and Russell, Toronto. Rested at White and Morris Funeral Home for funeral service Friday, September 22nd. Interment Christ Church Cemetery, Rev. Cyril Betts officiating. Pallbearers were Cecil Smith, Freeman Farmer, Chief Earl Hill, Willard Hill, Wesley Hardy, and William A. Brant.

Mrs. Brant was a member of the ladies' W.A. of Christ Church and Agriculture society of the Mohawk Band.

**HUBBLE, Mrs. Annie Louise,** passed away at Hastings Manor, Belleville, September 17th, in her 81st year. Beloved daughter of the late Nelson Storms and the late Jennie Salter. Dear wife of the late Percival Christie (first husband) and second husband William Hubble. Dear mother of Norman Christie, Belleville, Bruce Christie, Belleville, Douglas Christie, Stonehead, Mass., James Christie, Napanee. Sister of Bessie (Mrs. Roy Lumley,) Picton. She had 19 grandchildren and 7 great-grandchildren. Rested at White and Morris Funeral Home for funeral service Sept. 20th. Interment Glenwood Cemetery, Picton, Rev. Joseph Tubby and Rev. Wm. Rowe officiating. Pallbearers were Norman Christie, Douglas Christie, Bruce Christie, Ronald Christie, Douglas Christie (grandson) and David Christie.

**GREEN, Nelson (Tec),** Bayshore Road, R.R. 1, Deseronto, passed away at home September 18th, in his 61st year. Dear son of the late Wellington Green and the late Susan Sero. Beloved husband of Laura Godfrey. Dear father of Clarence, Coming, N.Y. and grandfather of Susan, Victor, and Deborah. Dear brother of Nellie (Mrs. Doreen) Weston, Nora (Mrs. Thomas Tinney), Deseronto, and Grace (Mrs. Les Pritchard), Deseronto. Rested at White and Morris Funeral Home for service Sept. 21st. Interment Pentecostal Cemetery, Bayshore Road, Deseronto, Rev. Fred Futers officiating. Pallbearers were Walter Hudson, Mervin Sherman, Leo Palmer, Leonard Foster, Alex Pottosky and Donald Boyle.

Mr. Green was chief of the Tyendinaga Reserve for 10 years and a councilman for 6 years.

**HILL, Florence May,** of Shannondale, passed away at Belleville General Hospital September 23rd, in her 70th year. Dear daughter of the late Steven Maracle and the late Sarah Green. Beloved wife of Mark Hill. Dear mother of Steven and William, at home, Charlotte (Mrs. Daniel Fortune) Toronto, Janet (Mrs. Car-Braint) Shannondale, Marie (Mrs. Michael Babyn) Scarborough, and Joe, deceased. Sister of Mrs. Kathleen Hill, Deseronto, Emma (Mrs. James Serio) Milltown, Bruce Maracle, Toronto. Rested at White and Morris Funeral Home for service September 26th. Interment All Saints Cemetery, Rev. Cyril Betts officiating. Pall bearers were Bob Hill, Jack Hill, Jerry Brant, Harry Carr-Braint, Manson Loft and Percy Brant.

**POWLESS, Peter, Bayshore Road, R.R. 1, Deseronto,** passed away at home in his 86th year, September 20th. Dear son of the late Isaac Powless and the late Lydia Penn. Beloved husband of the late Mary Jane Green. Dear father of Able Green, R.R. 1, Deseronto. Rested at the White and Morris Funeral Home for service September 23rd. Interment Christ Church Cemetery, Rev. Cyril Betts officiating. Pall bearers were Harold Green, Donald Brant, Richard Brant, David Brant, John Brant and Harold Maracle.

## NEW APPLE VARIETIES GROWN IN ONTARIO

A few apple varieties like the McIntosh were originally discovered by accident. Most of the newer varieties such as Quinte and Lodi are the result of years of research by plant breeders and geneticists. Research on the Quinte, for example, began at the Central Experimental Farm, Ottawa, in the mid 40's. Plant breeders were looking for an apple with some of the characteristics of the popular Melba, but one that could be harvested earlier in August. The Melba was cross-bred with the Crimson Beauty; the first tree bearing fruit ten years later. In 1954 growers started planting this new variety, entering commercial production in 1964.

The Quinte is gradually gaining popularity as more consumers recognize its fine eating

quality and special appeal in salads. Similar in appearance to the Melba, the Quinte is conical-shaped, red with yellow ground colour, creamy white flesh and a tart juicy flavour.

## Notice Respecting Assessment Appeals

Municipality: **Township of Tyendinaga**

The assessment roll may be inspected during business hours, at the municipal offices located at Melrose.

Any complaint with respect to any assessment on the assessment roll may be brought to the Assessment Review Court pursuant to section 52 of the Assessment Act, R.S.O. 1970, c. 32 as amended by section 10 of the Assessment Amendment Act, 1971.

Notices of Complaint must be made in writing either by letter or on forms available at the Municipal Offices.

For purposes of identification, please include your name and postal address, and the reason(s) for complaint. If possible, note also the assessment roll number, the street address, concession and lot numbers, and the municipality in which the property under complaint is situated.

Any Notice of Complaint shall be mailed by ordinary mail to the Regional Registrar named below, and, in addition, by registered mail to any person whose assessment is complained of, not later than the 31st day of October, 1972.

A.H. Johnson  
Regional Registrar,  
Assessment Review Court,  
405 George St. S.,  
Peterborough, Ontario.

### NUTRITIVE VALUE OF MILK IMPROVED WITH ADDITIVES

Since most people regard milk as nature's nearly perfect food, trying to improve its nutritive value may seem like gilding the lily, says O.R. Irvine, head of the Dairy Division, Kemptville College of Agricultural Technology.

In recent years, however, the value of milk has been greatly improved by the almost universal practice of increasing its vitamin D content. Now the possibility of using other additives which might be equally beneficial is being studied.

For instance, vitamin D added to the milk at a level of 35.2 International Units per 100 millilitres is fairly certain to ensure the prevention of rickets in children if milk is consumed in the recommended quantities.

Nutritional anemia, arising from lack of iron in the diet, is far more prevalent than many people realize, says Mr. Irvine. One recent U.S. survey puts the proportion of children showing symptoms of this disease at some stage of their life at over 40%. Increased consumption of milk is not much help since it is a poor source of this nutrient. However, if the level of the iron in milk could be increased, the problem might be solved.

Methods of fortifying milk with iron have been developed which appear very promising. Some test marketing has been conducted in the midwestern United States. Ordinarily the addition of iron to milk causes the milk to develop an unpleasant oxidized flavor. However, the new technique of adding this element gives promise of overcoming the problem. For this reason, says Mr. Irvine, milk may once again improve its role as a source of nutrients ensuring better health and growth.

Editor's note: Some babies and young children are allergic to iron - their digestive system cannot handle it.

3 onions, (raw, sliced) in a warm dish. Add the boiling broth gradually, beating constantly and season with  $\frac{1}{2}$  tsp. thyme -  $\frac{1}{2}$  tsp. savory and salt and pepper to taste. Put in a dish previously greased with hot melted lard. Place one layer of potatoes, one layer of hot meat and one layer of potatoes. Bake in a hot oven 500° for 10 minutes, then reduce the temperature to 300° for 1 hour. Grease the top with 2 or 3 tsps. pure lard and brown. Serves 12.

### All's Well That Ends Well

Dear friend -

Our Mohawk Fair is over for another year. We had visitors come up from Beamsville to see it. They enjoyed it along with the rest of us. I also had three children I'm minding a few weeks with us. All our visitors were thrilled to see "real" Indians (in buckskin) and all the arts and crafts on display. To have corn soup served in the new council house (we're glad to see built).

We had a weiner roast over a huge fire out back, in the evening. Our two youngest boys, who were lucky to be in Mrs. Hill's class and learn the Indian dances and songs, gave a command performance. My friend taped for her children's school, to hear the Mohawk hymns and songs. The little visitors all had a try at dancing Indian dances about the fire following our boys. And doing quite well for a first try.

The fire was relaxing after a busy day at the Fair. And soon the children climbed into the barn to sleep in the hay (also a first for the young visitors).

The dogs had fallen asleep about the fire full of snitched weiners and marshmallows.

A most pleasant day for all --

- Nita Whent.

Prince Edward Collegiate Institute, Picton, is off to a flying start this sports season. The girls senior basketball team defeated a team from Albert College, Belleville, 56 to 8, and the boys senior and junior soccer teams defeated teams from Nicholson Senior School, Belleville, earlier in the week.

\*\*\*

Two Picton plants are leading the way in accident prevention. Mr. J.W. Stewart of Proctor-Lewyt in Picton recently addressed an Industrial Accident Prevention Association meeting about safety measures which are in operation at his plant. Mr. John Clarke, manager of Lake Ontario Cement Ltd., received a presentation for 500,000 accident-free manhours, on behalf of LOCL.

\*\*\*

Picton Children's Aid Society is implementing a pilot project to help emotionally disturbed teenagers and younger children. The CAS is offering \$200 a month to foster parents for the new programme. The idea is that the rate should be high enough to provide some financial reward for a particularly challenging job. Interested persons who reside in Prince Edward County should contact Garth Smith, 476-2765 for more information.

**New Prince Edward Development Plan**

The Design for Development report which was recently submitted to Prince Edward County councillors was prepared by Mr. William J. Duggan. The brief outlines various proposals for the future growth of the area. It recommends that a county wide plan be adopted as a matter of urgency, with specific support given to a planned population increase of 4,000 (20%) people over the next five years. The report includes several specific recommendations including a new centre for the Township of Ameliaburg, a definite plan for the future development of Bloomfield and Wellington, and specific proposals for definition of recreation areas and development of the deep water harbour.

The report also stressed that former Camp Picton should be developed as an industrial site, and that industries which utilize agricultural products should be encouraged to locate in the county.
